A RICH STORYTELLING DONATION AND GIVING PLATFORM

Pitch Deck - DRAFT

EMPOWER THOSE WHO HELP OTHERS

With the Shift Giving App, donors can make an impact through direct giving or through ongoing giving via payroll deductions. And nonprofits can offer an easy giving platform and connect with new donors through an engaging and meaningful storytelling experience!

332 MILLION PEOPLE, 59% DONATE MONEY

Why Increase Engagement?

- 55% of people who engage with nonprofits on social media take some sort of action.
- 59% of those people donate money.
- 53% volunteer.
- 43% attend or participate in charitable events in their community because of social media.
- 46.1% of churches say Social Media is their most effective method of Outreach.

GIVING PLATFORMS TODAY

Lack of Engagement

Money is given and very little feedback or direct engagement is returned to the donor.

Limited Functionality

Most platforms are mobile responsive websites that are a funnel to process funds. Major platforms focus on corporate giving and volunteering.

All Different Apps

Multiple applications for multiple organizations to keep track of.

High Fees

Current giving platforms have high fees or take large investments to build out, leaving smaller organizations out of the market.

Problem Slide 2?

GIVING CAN BE EASIER

ISSUES WE SOLVE

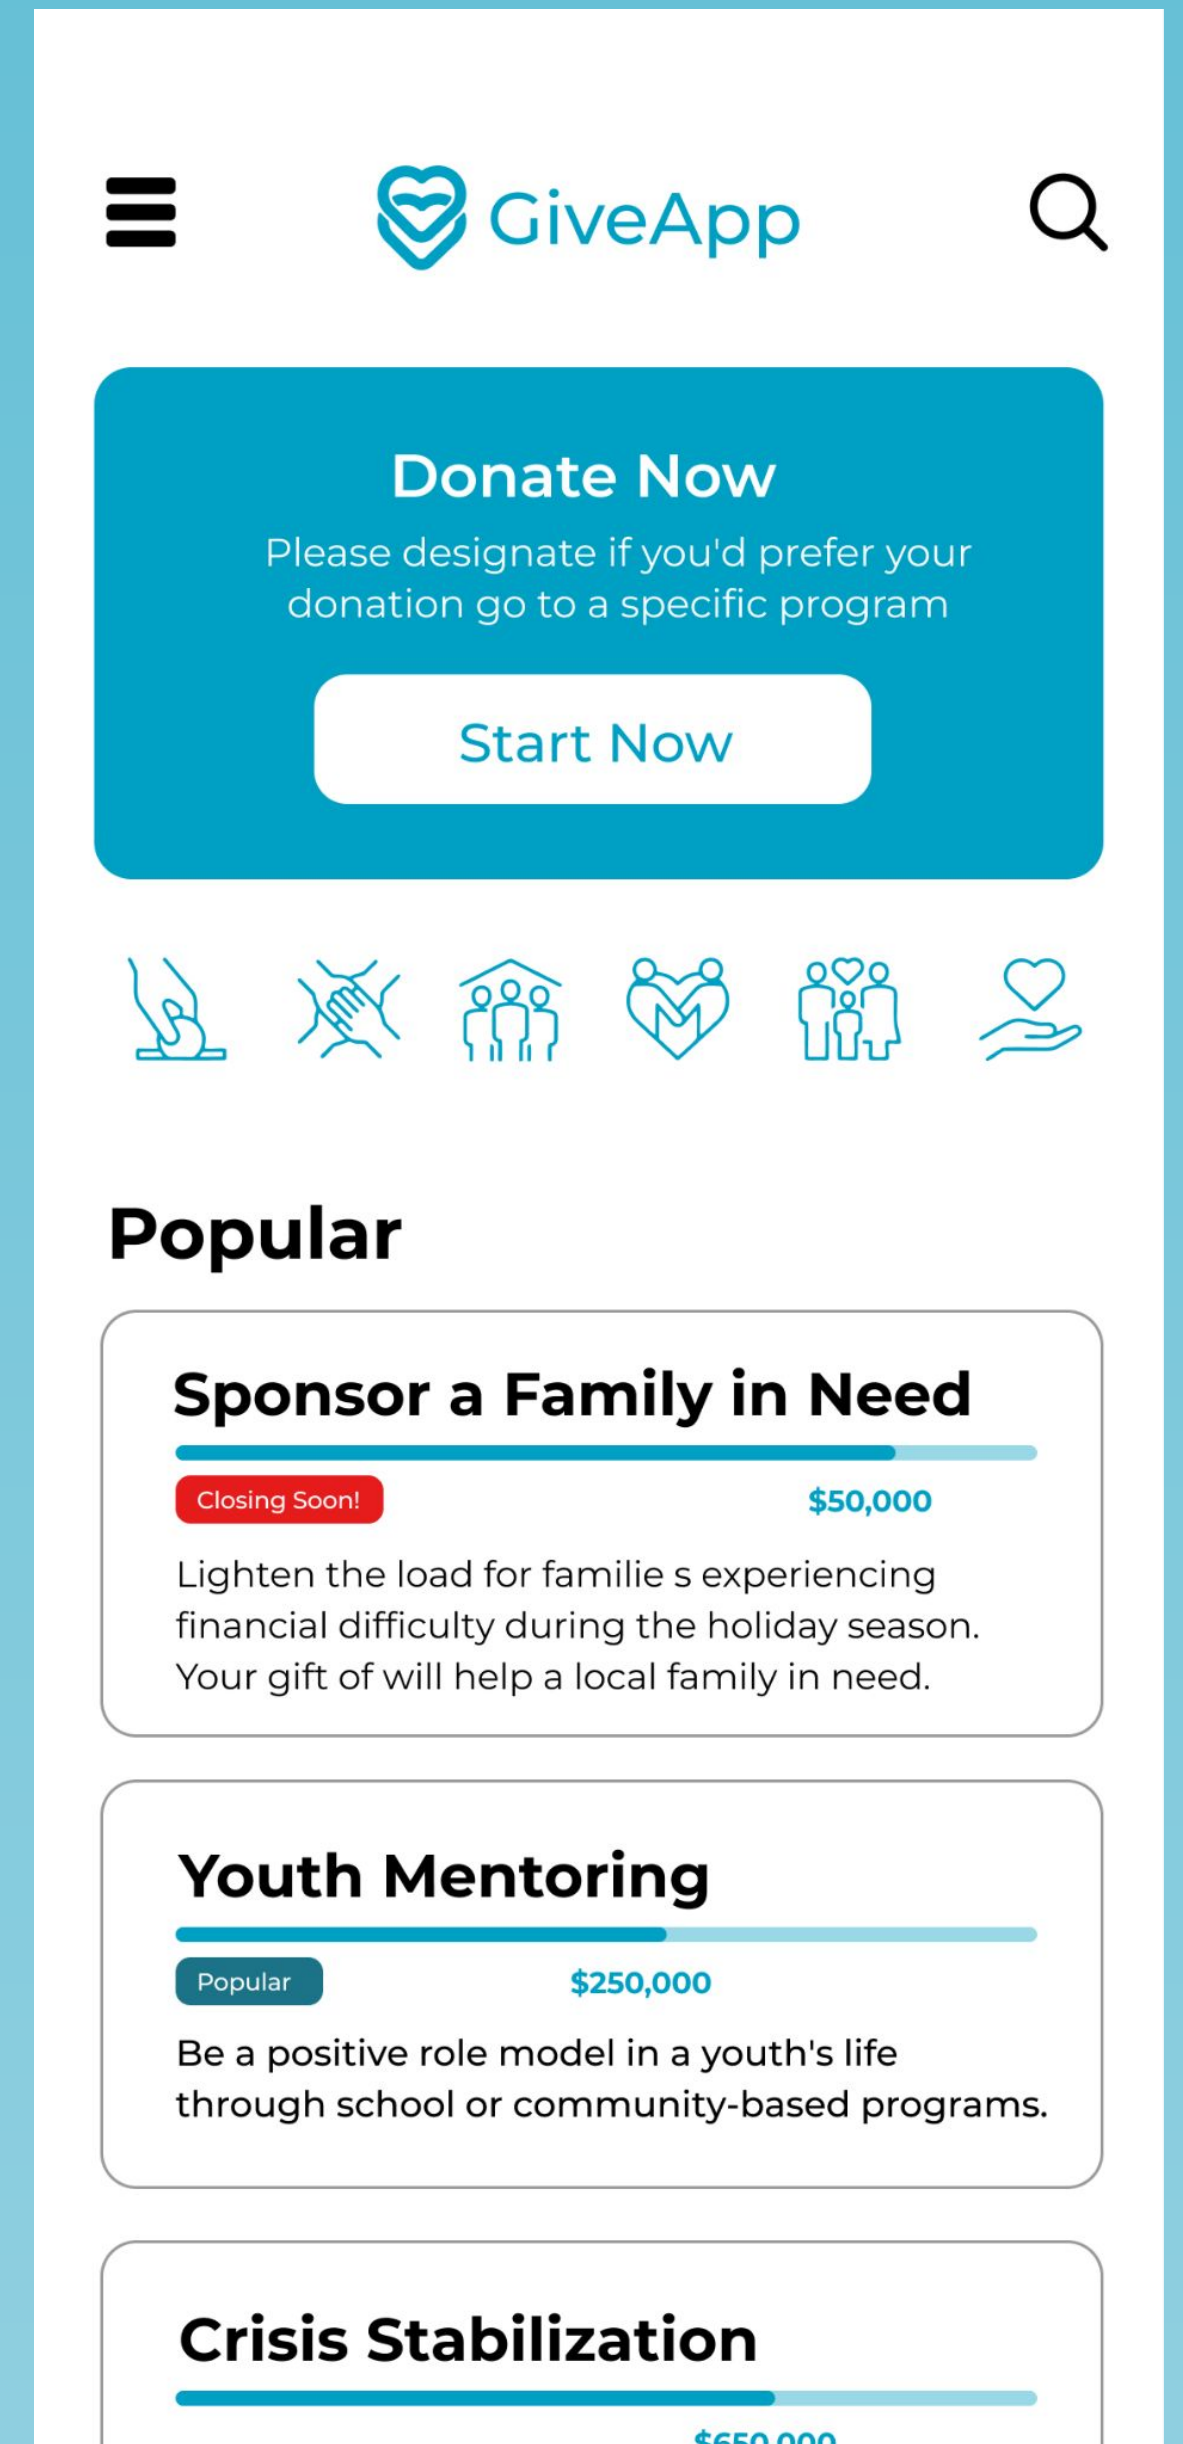

- 01 Donor receipting/gift acknowledgement
- 02 Ongoing communications and engagement with donors - impact stories drive action
- 03 Data analytics around giving
- 04 Giving donors an overall picture of their giving and the impact it's making

SEAMLESS SIMPLE

FOR DONORS

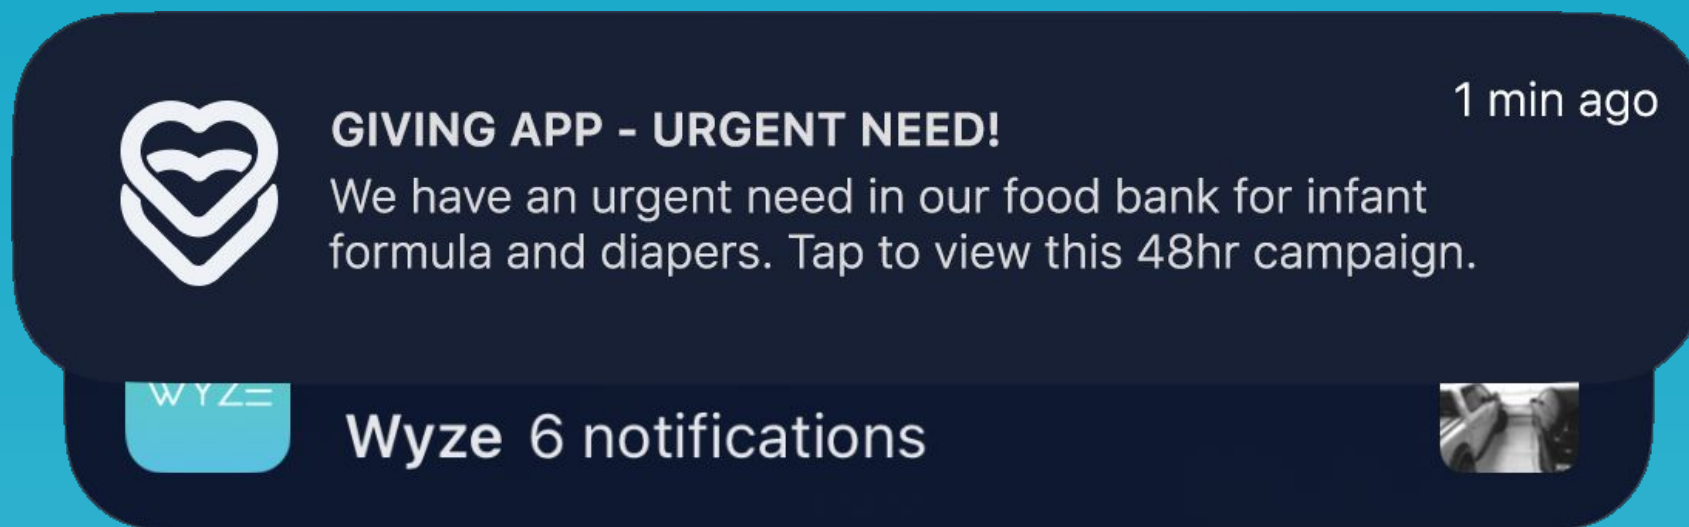

- 01 Multi-Tenancy on one platform, ability to suggest organizations
- 02 See the direct impact of your giving with push notifications
- 03 Variety of payment methods, manage recurring transactions
- 04 Easily track all tax-deductions and any charitable contributions

- 05 Open to small organizations, animal rescue, humanitarian relief, sports clubs, churches, etc
- 06 Focused impact stories drive engagement around donor concerns
- 07 The ability to give to any active organization registered as 501(c)(3)

SEAMLESS SIMPLE

FOR NON-PROFITS

01

Rich storytelling capabilities for organizations, a media library with ability for uploads from field staff

02

Drive engagement and transparency with impact stories via push notifications

03

Gift acknowledgment and tax-deduction messaging platform

04

Easy to sign up and personalize for your organization, one code or QR to send out to donors. Social sharing embedded in posts.

05

Low tiered scaled fees, helping organizations that may not be able to afford an app or platform

06

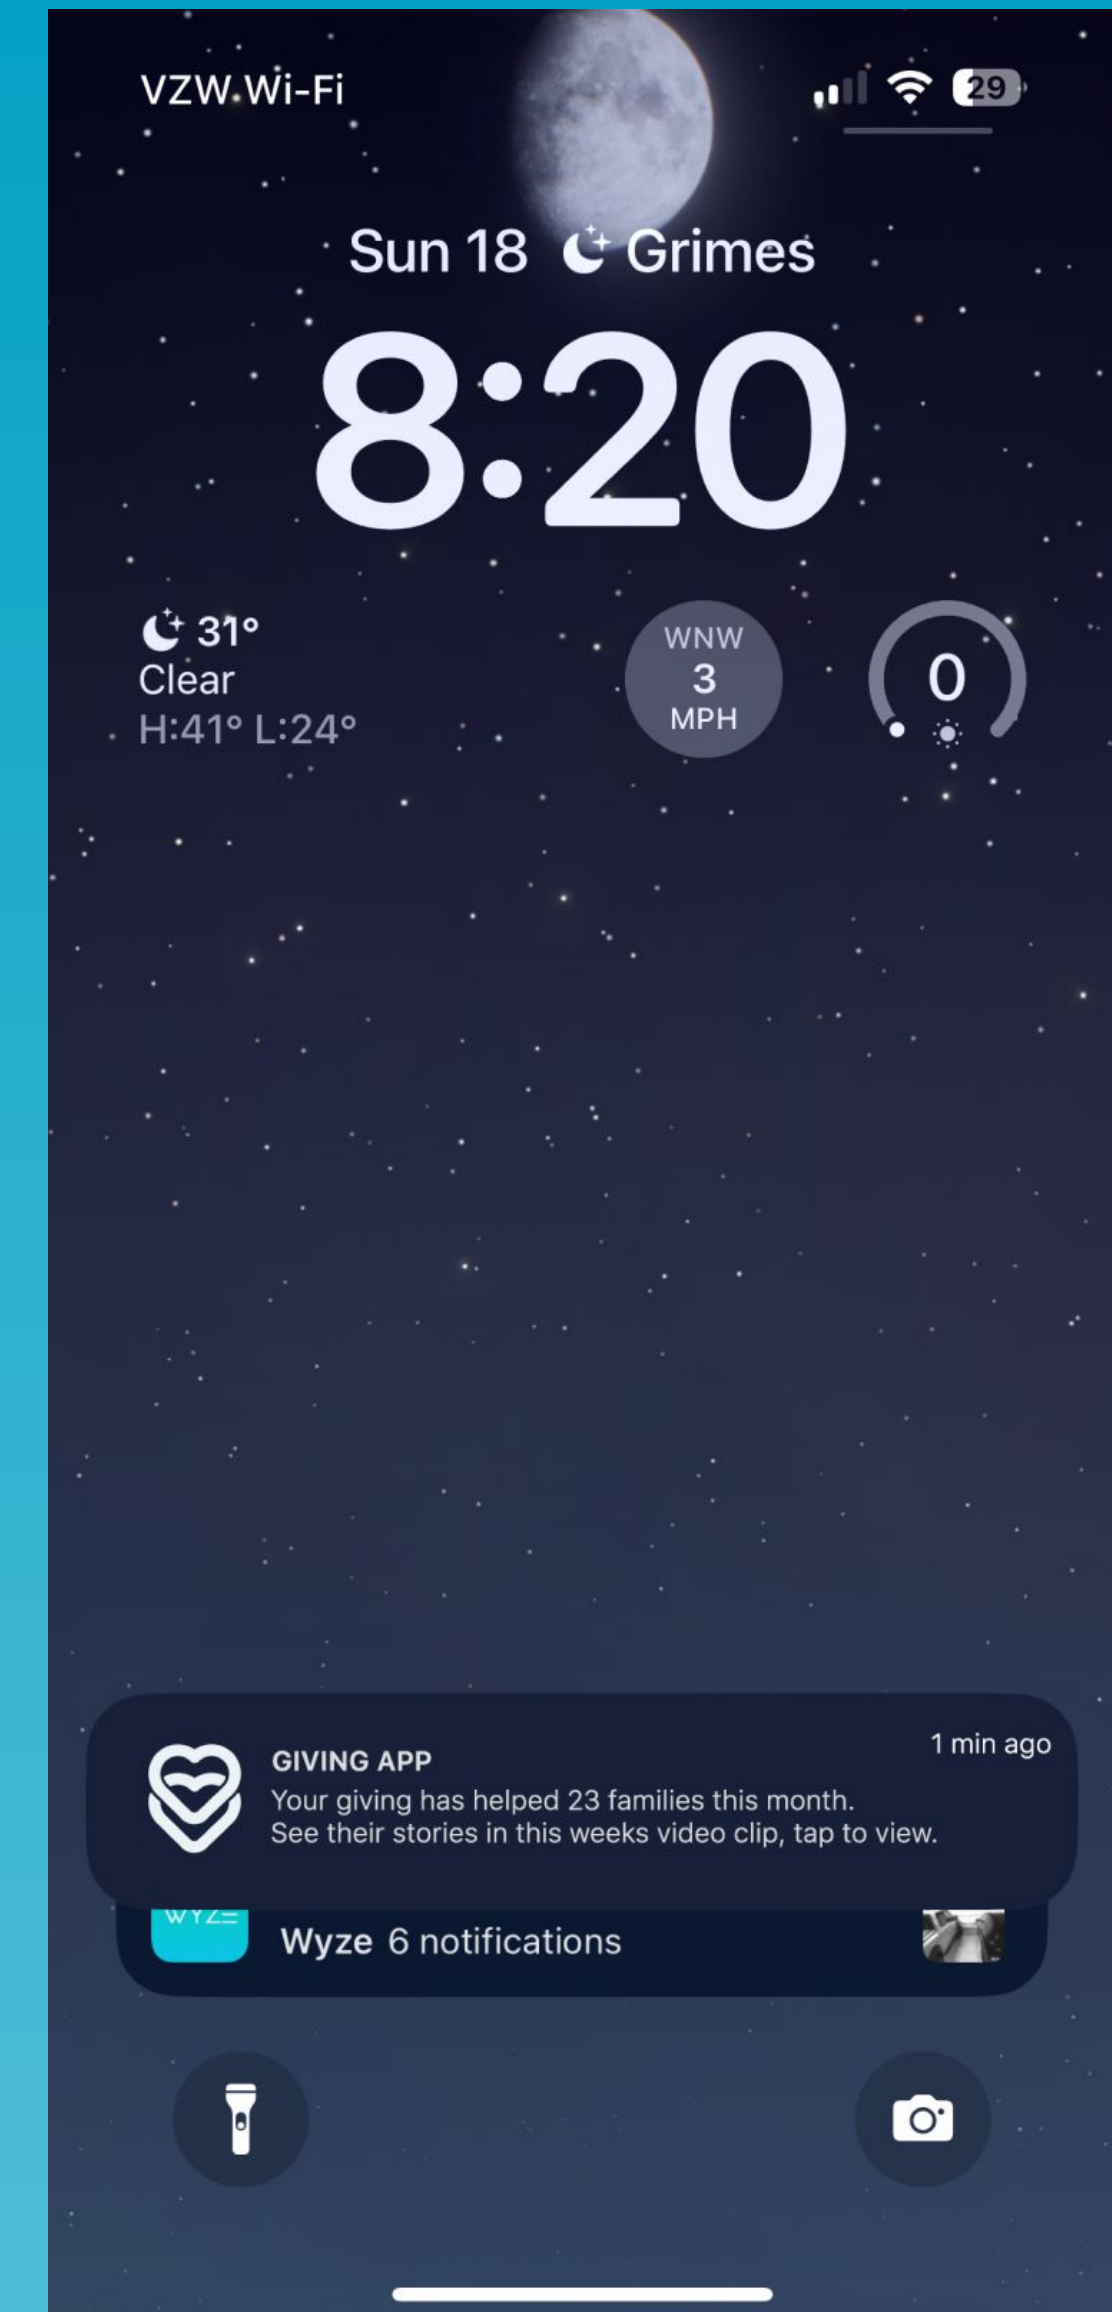

The GivingApp is a non-profit entity created for non-profit entities. Registered 501(c)(3) only

07

Netflix like recommendations via email to donors for similar non-profit entities

08

Excellent for Fund-a-need campaigns

Programs that provide Promise

YSS empowers youth by providing education, counseling, and stability. Our goal is to create a continuum of care— together, our programs give youth the tools they need to succeed through their entire lives.

Addiction Treatment

Our Ember Recovery program provides evidence-based, residential treatment for youth with substance use disorder.

Afterschool & Summer Programs

YSS Kids Club offers fun and engaging care for elementary kids before/after school and during the summer.

Counseling Services

Our licensed providers offer counseling to clients of all ages using a wide variety of therapeutic approaches.

Crisis Stabilization

We provide short-term care for youth experiencing an acute mental health, behavioral health, or substance use issue.

Climate change solutions

We deliver game-changing solutions that have a real impact for people around the globe. Our vision: A vital Earth. For everyone.

Cut methane emissions

Methane pollution released this year will warm the planet more in the next decade than carbon dioxide emitted from burning fossil fuels.

Make transportation cleaner

The pollution from transportation powered by fossil fuels harms our health, causing lung disease, heart problems and more than 6 million premature deaths a year.

Grow food sustainably

Globally, agriculture contributes one-quarter of the pollution warming the climate. At the same time, climate impacts like droughts and heat waves are already threatening the livelihoods of more than 1 billion people who depend on agriculture to support their families.

Harness nature's power

We provide short-term care for youth experiencing an acute mental health, behavioral health, or substance use issue.

GO-TO MARKET

01 Nonprofit Recruitment

While development is happening, Andy and Justyn will meet with potential nonprofits walking them through a clickable design prototype of the app and securing buy-in before the app is live.

03 Collaborate with other Nonprofits

Whether it be conferences or nonprofit events, the Shift Giving team plans to be at these events sharing what we have planned.

02 Digital Marketing & Content Strategy

Work with a marketing firm to define digital marketing strategy including email, PR, targeted ads and influencer strategy. The marketing website will be developed and rich content (blogs) added to help with SEO.

04 Beta Release

We will start with a beta release to roughly 100 super users. The goal will be to get feedback, make changes, work out bugs before fully going to market.
